

# INSTEP Fosters Strong Partnership with MTCP in Bringing Experiential Learning to You

**INSTEP**  
INSTITUT TEKNOLOGI PETROLIUM PETRONAS

## BACKGROUND OF THE MTCP

The Malaysian Technical Cooperation Programme (MTCP) was initiated at the First Commonwealth Heads of Government Meeting (CHOGM) for Asia Pacific Region held in Sydney in February 1978. It was officially launched on 7th September 1980 at the 2nd CHOGM in New Delhi, India to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasises the development of human resources through the provision of training in various areas which is essential for a country's development. These areas include diplomacy and diplomatic practices, economy, good governance, education, tourism, environment, social development, halal industry, safety and security as well as technology, among others. As of 31st December 2022, 37,055 participants from 144 recipient countries have benefited from the various programmes offered under the MTCP.

For more information at MTCP Official Portal: <https://mtcp.kln.gov.my/> and MTCP Official Facebook Page: <https://www.facebook.com/MTCPLMaysia>

## OBJECTIVES OF THE MTCP

- To share development experiences with other developing countries;
- To strengthen bilateral relations between Malaysia and other developing countries;
- To promote South-South Cooperation (SSC); and
- To promote Technical Cooperation among Developing Countries (TCDC)

INSTITUT TEKNOLOGI PETROLIUM PETRONAS

## Institut Teknologi Petroleum PETRONAS (INSTEP)

### Our Winning Formula

**Over 40 years** of oil and gas technical training experience

**More than 156,000** technical workforce trained since 1981

Serving clients from **more than 50** countries

**Learners' Capacity 1,098** learners at a time on a 200-acre campus with integrated facilities

**Instructor/Learners Ratio of 1:15**  
18 principal instructors and 33 instructors

### Industry & Technology Driven Technical Learning Solutions

To prepare future-ready global energy workforce, equipped with the right skills of tomorrow

### Customised Learning

Address different learning needs to help learners and clients reach their full potential

### Facilities as Testbed

Expanding the learning facilities utilisation to support PETRONAS and the industry research

### International Certification

Internationally accredited energy centre with industry experienced instructors, capable of delivering high quality programmes

### Capability Caretaker

Strengthen and close learners' competency gap

## Accreditations & Certifications

## Awards & Recognitions
